

# 2012 Menu

# Project Proposals

The Chicago Department of Water Management and the Department of Transportation provided the maps and tables on the following pages.

These reports helped us determine which streets are eligible for improvements and which have the most need. This coordination will help avoid any redundancies or other duplicated work.

After reviewing these reports, 311 service requests, ongoing projects from the 2011 menu submittal, requests to the Alderman's office, and on site surveys by CDOT and the Aldermanic staff, this year's initial submittal was made that includes:

- 13 street resurfacing projects
- 5 curb and gutter replacement projects
- 1 alley resurfacing
- And 5 miscellaneous other projects

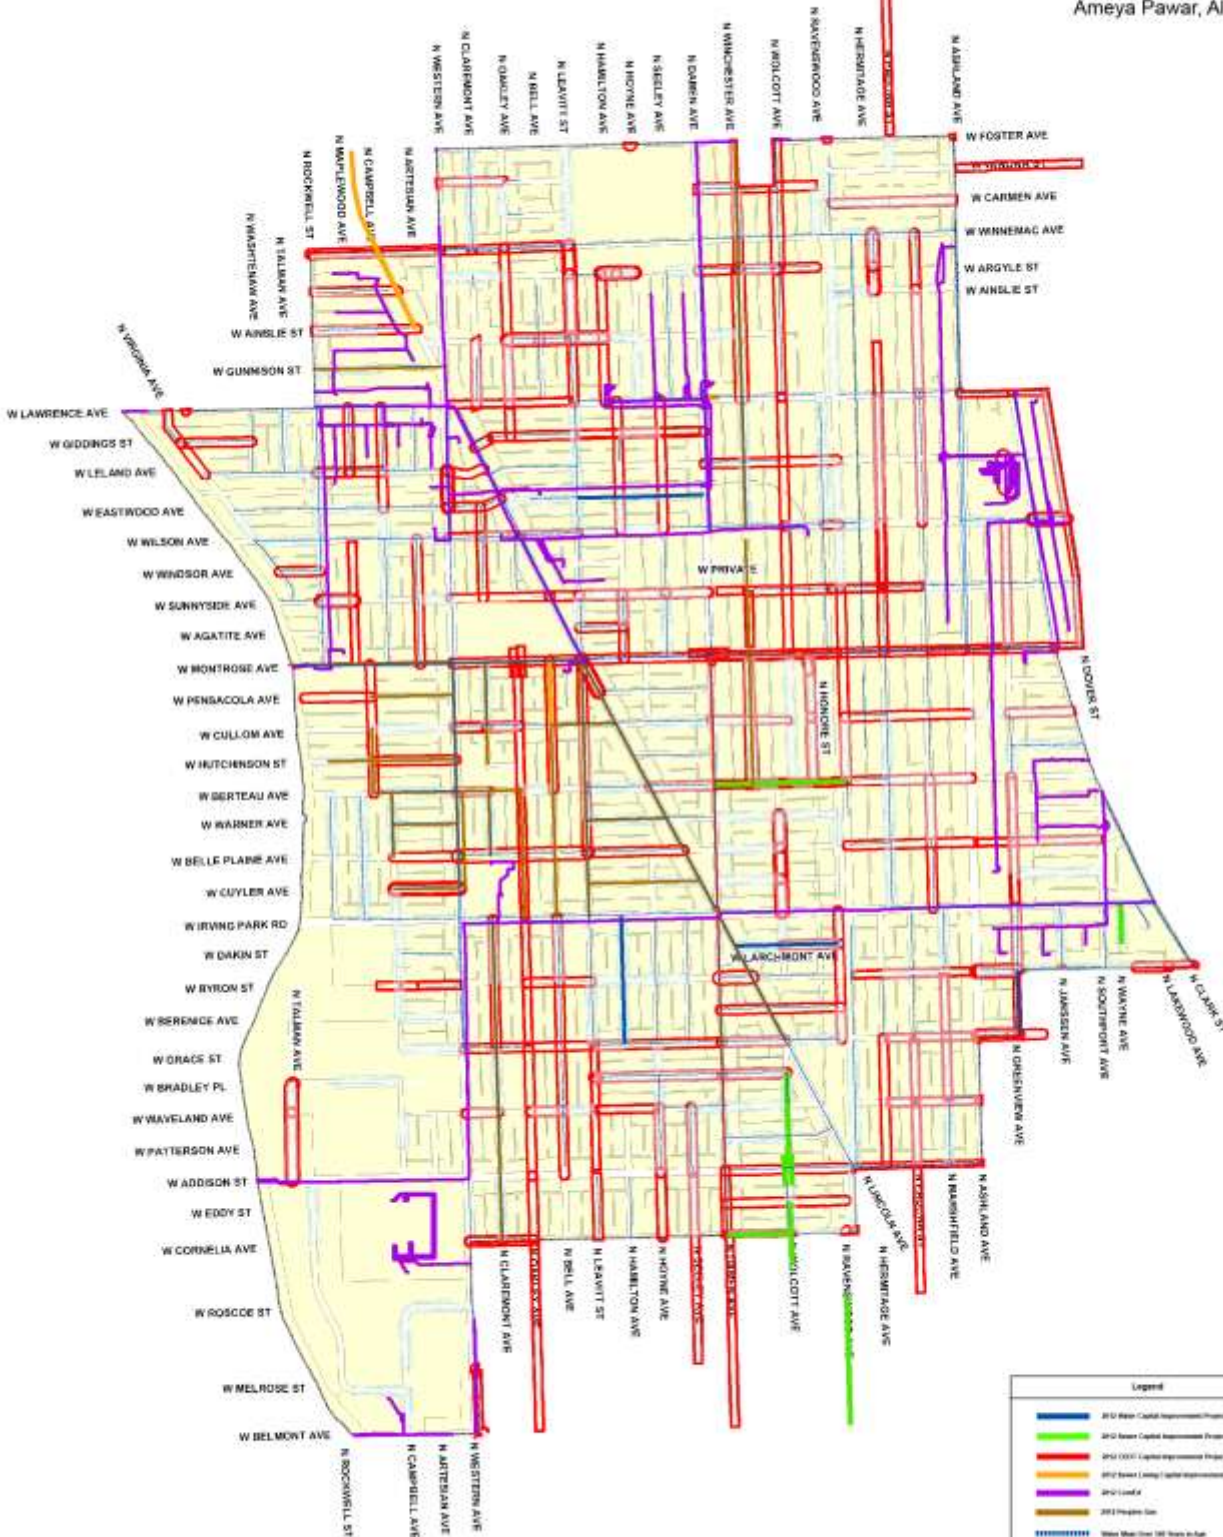

After we receive the cost estimates from CDOT on these initial projects we will consider additional requests for the menu and other funding sources.

The following items have been submitted based on the information provided. The cost estimate is based on a standard rate for the project type; the project will be surveyed and an updated cost will be provided to the alderman before final approval. This cost is often different than the initial estimate; sometimes more but is often less.

Project Type	Street	Boundaries	Cost Est.
Street Resurfacing	Wolcott	Montrose to Berteau	\$72,000
Street Resurfacing	Campbell	Irving Park to Berenice	\$108,000
